# IFFF Insect Art Contest

- *The **Insect Art Contest*** is held every spring annually in conjunction with the Insect Fear Film Festival. The art contest is organized, judged, and presented by graduate students, but participation by teachers and students truly makes the art contest a success!
- We have solicited entries from art teachers in area schools, but we think that participation in the Insect Art Contest can extend beyond art classes. ***Any students are welcome to enter!***
- Find more information on our Facebook, Twitter and webpage.
