Teaching Experience

Graduate Teaching Assistant - DEF5892-01444 Human Growth and Development (Fall 2017)
Federal University of Santa Catarina Department of Physical Education
Taught lectures focusing on human development components (eg, gender and sports, sexual maturation, components of development), facilitated discussions, and assisted with general course maintenance such as grading and record keeping.

Experience as a Journal Reviewer

Journal Ciência & Saúde Coletiva (JCR: 1.917) (2022 – current)
Assists in the coordination of the journal, collaborating with reviews of articles submitted considering the area of Physical Activity and Health and Organization of Health Systems.

Journal of Aging and Physical Activity (JCR: 2.109) (2019 – current)
Assists in the coordination of the journal, collaborating with reviews of articles submitted considering the area of Physical Activity and Health and Environmental Determinants of Physical Activity.

Brazilian Journal of Physical Activity & Health (2018 – current)
Assists of the journal, collaborating with reviews of articles submitted considering the area of Physical Activity and Health, Organization of Health Systems and Environmental Determinants of Physical Activity.

Professional Experience

Healthcare Project Manager - Hospital Israelita Albert Einstein (2021 – 2023)
Managed planning processes, construction, layout and delivery of manuals and guides for qualification of work processes in health units in Brazil. I supported projects developed by Hospital Albert Einstein for the Brazilian Ministry of Health and worked in 18 Brazilian states. I participated in weekly and monthly medical discussions to develop the management of health services so that they could be prepared for changes in their work processes.

Business Intelligence Analyst - Qualirede Supplementary Health (2020 – 2021)
I prepared reports and built dashboards for use in decision making on where companies should invest their health plan resources. I also developed a weekly newspaper with updates on COVID-19 in the state of Santa Catarina.
