

2nd FARM Facility Radar Institute, hosted by Univ of Illinois, CLIMAS
Held in-person in Boulder, Colorado, at the FARM HQ
From July 8 – July 19, 2024

At the institute, you will:

-  Learn about radar operations and theory
-  Learn from a wide variety of leading experts
-  Learn about planning field campaigns
-  Learn about observation strategies
-  *Plan and execute a small field campaign using FARM COW and DOW radars, Pods, Poles, Mesonets, and other instruments*
-  Learn about analysis techniques
-  *Analyze data that you've collected*

Open to those who have completed at least two years of college and are majoring in science, technology, engineering or math. No prior research experience is required. (Between UG and G years okay)

Application Deadline:
18 April 2024 23:59 CT
