

# The give a year Partnership

## INTEGRATING HIGHER EDUCATION AND SERVICE

Through give a year Partnerships, City Year teams up with colleges and universities, who provide financial scholarships and recognition to students who give a year or more of service through City Year. Our give a year Partners value the perspective, leadership and experience City Year alumni bring to their communities.

## ABOUT CITY YEAR

City Year unites young people of all backgrounds for a year of full-time service, giving them the skills and opportunities to change the world. As tutors, mentors and role models, these diverse young leaders help children stay in school and on track, and transform schools and communities across the United States.

- Waive the application fee for City Year corps and alumni.
