

Are you a

**SUCCESSFUL CIVIL ENGINEERING UNDERGRADUATE
STUDENT IN SANITARY/ENVIRONMENTAL ENGINEERING?**

If so, you should apply for the 2015-2016

**WILFRED F. & RUTH DAVISON LANGELIER
SCHOLARSHIP**

Up to five scholarships of \$5,000 each will be awarded to qualified students whose main field of study is Sanitary/Environmental Engineering, principally concerned with the area of water and waste water treatment and environmental water quality management and control.

REQUIREMENTS:

- Student must be full-time (12 semester hours or more) at UIC or UIUC. Part-time students are **NOT** eligible.
- Student must be enrolled at least one semester in the 2015-2016 academic year in order to be eligible to receive the award.
- Student must be an undergraduate at the junior or senior level with GPA of at least 3.0 (on a 4.0 scale).
- A minimum of six hours of advanced courses in environmental engineering or environmental science courses must be completed by the time the award will be claimed. CME 216 (UIC) or CEE 330 (UIUC) is required.
- Involvement in environmentally-related research projects and organizations is desirable.
- Financial need is **NOT** a qualifying criterion.
