Qualifications

Faculty Positions

- Teaching Associate Professor in the Department of Computer Science Aug. 2019 – present
- Teaching Assistant Professor in the Department of Computer Science Aug. 2016 – Aug. 2019
- Research Assistant Professor in the Department of Curriculum and Instruction Oct. 2014 – present
- Visiting Assistant Professor with the Illinois Foundry for Innovation in Engineering Education, University of Illinois at Urbana-Champaign. Aug. 2012 – Aug. 2016

Research

- Postdoctoral Researcher in the School of Engineering Education, Purdue University. Aug. 2011 – July 2012
- Postdoctoral Researcher with the Illinois Foundry for Innovation in Engineering Education, University of Illinois at Urbana-Champaign. May 2011 – July 2012

Consulting

- Engineering Education Consultant with Quality Evaluation Designs. Oct. 2011 – Dec. 2012

Other Teaching Experience and Teacher Training

- Course Instructor, Department of Electrical and Computer Engineering University of Illinois at Urbana-Champaign SU 2008, SU 2010
Aug. 2012 – Dec. 2014
- Affiliate with the Center for Teaching Excellence Dec. 2009 – May 2011

Education

University of Illinois at Urbana-Champaign

- PhD in Electrical and Computer Engineering May 2011
Dissertation title: The Development of a Digital Logic Concept Inventory
Dissertation advisers: Michael C. Loui and Craig Zilles
- MS in Electrical and Computer Engineering Dec. 2007
- BS in Electrical Engineering May 2005

Research Interests

Closing the research-to-practice gap in education, sustainable education innovation at scale, sparking and sustaining education innovation, conceptual change and misconceptions, and assessing student learning.

Research Fellowships and Awards

- ACM SIGCSE best paper in the first 50 years of SIGCSE 2019
- ASEE IL/IN best poster award 2018
- IEEE Transactions in Education, Finalist for Best Paper of the Year 2012
- ASEE Educational Research & Methods Division Apprentice Faculty Grant 2011
- IEEE Signal Processing Education Workshop 2011 Best Student Paper Award 2011
- Mavis Future Faculty program fellow: co-founded program, mentored first year fellows. 2010-2011
- E.A. Reid Fellowship for students pursuing an academic career in engineering. 2009
- Mavis Memorial Fund Scholarship for students planning to become engineering teachers. 2008

Students Advised

Prior Postdoctoral Research Associates

- Kelly Cross
 - Current Position – Assistant Professor, University of New Mexico
- Julia Thompson
 - Current Position – Assistant Professor, University of San Francisco

Current Doctoral Students

- Morgan Fong, Department of Computer Science
- Suleman Mahmood, Department of Computer Science
- Seth Poulsen, Department of Computer Science

Prior Doctoral Students

- K. F. Trenshaw, PhD 2014, Department of Chemical and Biological Engineering,
 - Dissertation: Improving motivation and engagement in core engineering courses with student teams.
 - Current Position
- Brian Faulkner, PhD 2018, Department of Electrical and Computer Engineering
 - Dissertation: Studying the implementation of an integrated engineering mathematics curriculum.
 - Current Position - Assistant Professor, Milwaukee School of Engineering
- Nicole Johnson-Glauch, PhD 2018, Department of Materials Science and Engineering,
 - Dissertation: Studying students conceptual understanding of the mechanical properties of materials in the context of computation.
 - Current Position – Lecturer, California Polytechnic State University San Luis Obispo

Current Masters Students

- Christiaan Hazlett, M.S. 2020 expected, Department of Electrical and Computer Engineering
- Sofia Meyers, M.S. 2020 expected, Department of Computer Science

Prior Masters Students

- Spencer Offenberger, M.S. 2019, Department of Electrical and Computer Engineering
- Brian Faulkner, M.S. 2016, Department of Electrical and Computer Engineering

Current Undergraduate Students

- Omar Khan, Department of Computer Science
- Mingjie Zhao, Department of Computer Science
- Danielle Plecki, Department of Computer Science

Prior Undergraduate Students

- Ish Shah, Department of Computer Science
- Kavya Varghese, B.S. 2018, Department of Computer Science
- Daniel Paez, B.S. 2018, Department of Computer Science
- David Levering, B.S. 2018, Department of Computer Science
- Joseph Handzik, B.S. 2011, Department of Electrical and Computer Engineering
- Pallav Pathak, B.S. 2012, Department of Electrical and Computer Engineering
- Ajay Jain, Department of Computer Science
- Tamara Nelson-Fromm, Department of Computer Science
- Hongxuan Chen, Department of Computer Science

Teaching Interests

First- and second-year computer science and engineering courses, digital logic design, computer organization, introductory programming, analog signal processing, digital signal processing, music/speech signal processing, cognition and science/engineering learning, educational research methodologies, assessment.

Teaching Experience

- | | |
|---|---|
| Learning and Computer Science | Spring 2019 |
| <ul style="list-style-type: none">Developed a graduate-level project-based course engaging students in theories about how people learn and the implications those theories have on how we teach computer science. | |
| Learning and Computer Science | Spring 2018 |
| <ul style="list-style-type: none">Developed a project-based course engaging students in theories about how people learn and the implications those theories have on how we teach computer science. | |
| Online Learning Systems | Fall 2017 |
| <ul style="list-style-type: none">Developed a project-based course to teach students about how to use online assessments to improve student learning and to develop online learning platforms. | |
| Computer Architecture | Fall 2016, Spring 2017,
Fall 2017, Spring 2018,
Fall 2018, Spring 2019,
Fall 2019, Spring 2020 |
| <ul style="list-style-type: none">Organized content around the core concepts of state, data, control, and indirectionCreated a suite of video microlectures to support flipping the classroomFlipped the classroom to use more collaborative learning and peer instructionDeveloped honor's section for students to explore programming in ARM assembly on a Raspberry Pi | |
| Survey of Engineering Education Research | Spring 2015 |
| <ul style="list-style-type: none">Developed a graduate-level course to provide an overview of engineering education research to both engineering and education students. | |
| Introduction to Computer Engineering | Summer 2008, Fall 2012,
Spring 2013, Fall 2013,
Spring 2014 |
| <ul style="list-style-type: none">Developed video lectures and flipped lectures with the use of classroom response systems.Designed a new Freshman-level computer engineering course that integrates instruction of hardware and software in computing contexts.Designed laboratory assignments and collaborative, context-rich discussion section exercises.Designed assessment procedures for the effectiveness of the new course.Trained teaching assistants and undergraduate peer mentors. | |
| Digital Signal Processing | Summer 2010 |
| <ul style="list-style-type: none">Piloted a new blended learning environment based using online lectures for the course.Designed Matlab programming exercises | |

Teaching Awards

- | | |
|---|-------------|
| <ul style="list-style-type: none">Olesen Award for Excellence in Undergraduate Teaching for the Department of Electrical and Computer Engineering | 2007 |
| <ul style="list-style-type: none">List of Teachers Ranked Excellent by their Students | 5 semesters |

Invited Presentations

Engineering college-wide instructional change through faculty teaching and innovation communities, Northwestern Center for Engineering Education Research, November 2017.

Exploring what it means to learn computing concepts, Indiana University, Cognitive Science Brownbag, March 2017.

Invited Workshops

Computing Research Association, Teaching Faculty Development Workshop, Feb. 27, 2019. Minneapolis, MN

Dagstuhl Seminar: Notional Machines and Programming Language Semantics in Education, July 2019, Wadern, Germany.

Engineering Education Research & Innovation Impact Summit, NSF-sponsored workshop, Sept. 2018, West Lafayette, IN

Connecting Discipline-Based Education Researchers and Cognitive Scientists, NSF-sponsored workshop, Sept. 2016, Washington D.C.

Research Integration of Early Findings from Institution Transformation Projects, NSF-sponsored workshop, April 2016, Washington D.C.

Connecting Concepts across the Curriculum: From digital logic to distributed computing, NSF-sponsored workshop, Feb. 2016, Baton Rouge, LA.

Dagstuhl Seminar: Assessing Learning in Introductory Computer Science, Feb. 2016, Wadern, Germany.

Designing Low-Cost Intrinsic-Motivation Course Conversions, NSF C2GEN (Chautauqua Second Generation) Synchronous Online Professional Development Program, Oct-Nov. 2014.

Herman, G. L. (PI) & Pembridge, J. *Conference Title: Research Integration of Early Findings from Institution Transformation Projects*. National Science Foundation, IUSE, \$45,808: 2016-2017. DUE 1622893.

Herman, G. L. (PI), Litchfield, B., Amos, J., & Rapti, Z. *MATH:EAGER Understanding faculty barriers in adopting evidence-based integrated mathematics curricula*. National Science Foundation, IUSE, \$299,207: 2015-2017. DUE 1544388.

Herman, G. L. (PI) *Creating concept and curriculum assessment tools for Cybersecurity* (In collaboration with A. T. Sherman, L. Oliva, & D. Phatak of University of Maryland, Baltimore County). Department of Defense, \$147,099: 2015-2016. BAA-00-15, NSA H98230-15-1-0273.

Mercier, E. (PI), Herman, G. L., & Peschel, J. *Fostering collaborative drawing and problem solving through digital sketch and touch*. National Science Foundation, Cyberlearning, \$549,995: 2014-2017. IIS 1441149.

Herman, G. L. (PI). & Peschel, J. *Exploring expert & novice graphical communication through digital sketching*. National Science Foundation, Research in Engineering Education, \$248,239: 2014-2017. EEC 1429348.

Mestre, J. (PI), Greene, J., Herman, G. L., Tomkin, J., & West, M. *Scaling cultures of collaboration: Evidence-based reform in portal STEM courses*. National Science Foundation, Widening Implementation & Demonstration of Evidence-Based Reforms, \$2,000,000: 2014-2017. DUE 1347722

Loui, M. C. (PI), Herman, G. L., & Goldberg, D. E. *Enhancing Intrinsic Motivation in Core Engineering Courses*. National Science Foundation, Transforming Undergraduate Education in Science, Technology, Engineering, and Mathematics, \$200,000: 2012-2014. DUE 1140554

Instructional Grants

Herman, G. L. *Designing visualizations to enhance trace-based coding*. Provost's Initiative on Teaching Advancement (PITA), University of Illinois at Urbana-Champaign, \$13,500: 2017-2018.

Herman, G. L., Schmitz, C., Varodayan, D., Minin, S., Goddard, L., Loui, M. C., Kudeki, E., Franke, P. *Improving students' learning and experience in ECE 110*. Strategic Instructional Initiatives Program, University of Illinois at Urbana-Champaign, College of Engineering, \$49,500: 2014-2015.

Herman, G. L., Faulkner, B., Varodayan, D. *Exploring the creation of effective instructional text*. Grants for the Advancement of Teaching in Engineering (GATE) Program, College of Engineering, University of Illinois at Urbana-Champaign, \$18,900: 2014-2015.

Bhat, P. B., Do, M., & Herman G. L. *Harnessing Multiple Modes of Visual Communication to Enhance the Student Experience in Distance Learning*. Grants for the Advancement of Teaching in Engineering (GATE) Program, College of Engineering, University of Illinois at Urbana-Champaign, \$15,000: 2013-2014.

Jones, D. L., Lumetta, S. S., Brunet, M. C., Chen, D., Haken, L., Herman, G. L., Hu, Y.C., Kalbarczyk, Z., Kindratenko, V., Kudeki, E., Kumar, R., Mitra, S., Patel, S., & Vasudevan, S., Loui, M. C., Vaidya, N. *Creating the World's Best Computer Engineering Core*. Strategic Instructional Initiatives Program, University of Illinois at Urbana-Champaign, College of Engineering, \$300,000: 2012-2014.

Professional Memberships

- Association for Computing Machinery (ACM) Special Interest Group on Computer Science Education
- Institute of Electrical and Electronics Engineers (IEEE)
 - Signal Processing Society
 - Education Society
- American Society for Engineering Education (ASEE)
 - Educational Research and Methods Division
 - Student Division
 - New Engineering Educators Division
 - Electrical and Computer Engineering Division

Consulting

Engineering Education Consultant with Quality Evaluation Designs **Oct. 2011 – Dec. 2012**

- External evaluator of the Philosophy of Engineering Education Community of Practice's use of NSF funding

Service

Service Awards

- Journal of Engineering Education Star Reviewer 2018 – Top 2% rated reviewer based on quality and quantity of reviews

Professional Service

- Computing Research Association, Teaching Faculty Development Workshop Organizing Committee, Mar. 11, 2019. Portland, OR
- Computing Research Association – Education Committee
- ACM 2020 Special Interest Group, Computer Science Education Annual Conference, Program Committee
- ACM 2019 International Computing Education Research Conference, Program Committee
- ACM 2018 International Computing Education Research Conference, Program Committee
- ACM 2018 Special Interest Group, Computer Science Education Annual Conference, Program Committee
- National Science Foundation (NSF) grant proposals reviewer, Since 2012.
- ASEE Educational Research and Methods Division, Publications Chair, 2016-2019
- Faculty advisor for the ASEE graduate doctoral consortium, Since 2016
- Shedd Science Department Curriculum Reviewer for University Laboratory High School, 2015.
- Conference Organizer for the PEER Collaborative National Workshop, 2014.
 - Created professional development activities for tenure-track engineering education faculty
 - Created ongoing peer-mentoring networks
- Peer reviewer

-
- Journal of STEM Education Research, Since 2018
 - Journal of Cybersecurity Education and Practice, Since 2018
 - Journal of Parallel and Distributed Computing, Since 2017
 - ACM Transactions on Computing Education, Since 2016.
 - National Science Foundation grant proposals reviewer, Since 2012.
 - Journal of Computer Science Education, since 2014.
 - Journal of Higher Education, Since 2013.
 - Teaching and Learning Inquiry, Since 2013.
 - IEEE Transactions on Education, Since 2012.
 - Advances in Engineering Education, Since 2012.
 - Journal of Engineering Education, Since 2011.
 - ASEE/IEEE Frontiers in Education Conference, Since 2009.
 - ASEE Annual Conference and Exposition, Since 2008.
 - ASEE Educational Research and Methods Division Webmaster, 2014-2015.
 - Graduate Engineering Education Consortium for Students, Immediate Past Chair, 2010–2012.
 - Advised the group.
 - Sponsored professional development webinars.
 - ASEE Student Division Information Chair, 2010-2012.
 - Restructured the Student Division leadership
 - Wrote bi-monthly newsletter.
 - Signal Processing Education Network Student Liaison, 2011–2012.

Campus Service and Involvement

- Computer Science Teaching Professor Search Committee, 2019-2020
- Computer Science Teaching Evaluation and Innovation Committee Co-Chair, 2019-2020.
- College Engineering Education Research Committee, 2019
- Departmental liaison with the Institutional Review Board, since 2018
- Computer Science Graduate Fellowships, Admissions, and Awards Committee, 2016-2019
 - Area coordinator for review of prospective graduate student applications
 - Coordinated prospective student visits
 - Coordinated recruitment efforts
- Department of Computer Science undergraduate advising, since 2016
- Search committee for departmental office support specialist, 2018
- Academy for Excellence in Engineering Education, 2012-2018
 - Support faculty teams participating in the Strategic Instructional Innovations Program
 - Led workshop on writing educational research grants for the National Science Foundation for teaching-track faculty
 - Led workshop on writing, submitting, and reviewing educational research journal articles for teaching-track faculty
 - Coordinated distinguished lectures
 - Developed instructional workshops for new faculty
 - Developed co-teaching program to train new faculty in instructional best practices
 - Co-developed Strategic Instructional Innovations Program
- Faculty advisor: American Society for Engineering Education: Univ. of Illinois student chapter, 2012-2015.
- College Teaching Effectiveness Network Steering Committee, 2009-2011.
 - Maintained organization records and finances.
 - Organized seminars for various teaching topics including grading methods, academic job searches, and incorporating technology in the classroom.
- Instructor for campus-wide teaching assistant training program, 2008-2014.
