The City of Champaign seeks qualified candidates for a career opportunity as an Engineering Intern in the Public Works Department.

**Responsibilities of Position**
As an intern, you will assist professional staff in the office and in the field on a wide variety of projects. Engineering Interns will assist with City engineering services, construction site inspections, infrastructure mapping and data management projects. The hours for this position are 7:30 a.m. to 4:30 p.m., Monday through Friday. This position will begin in mid-May and conclude in August, 2016.

**Required Qualifications**
- Currently enrolled in a college-level program leading to an Associate of Science degree in Engineering or Construction Technology, or a Bachelor of Science or Master’s degree in Engineering, Architecture, or a related field of study.
- Good working knowledge of Microsoft Office suite of applications.
- Possess a valid driver’s license and have a good driving record.
- Ability to lift 50 pounds and place it on a truck, with or without accommodation.
- Effective oral and written communication skills.

**Preferred Qualifications**
- Surveying experience
- Construction inspection experience
- Customer service experience
- Experience with geographical information systems (GIS) software programs
- Experience with computer aided drafting (AutoCAD) programs

The starting salary is $8.25 per hour. **Applications must be submitted online no later than Sunday, March 13, 2016.**

The City’s mission is to provide responsive, caring, cost-effective service in partnership with our community. The following values guide our work: Personal Integrity, Responsibility, Respect, Teamwork, Results.
