

LUCY SUCHMAN

Professor of Anthropology of Science
and Technology, Lancaster University

RELOCATING INNOVATION: PLACES AND PRACTICES OF FUTURE MAKING

FRIDAY, MARCH 3 | 11-12 PM

REFRESHMENTS SERVED AT 10:15 AM
NCSA AUDITORIUM | 1205 WEST CLARK STREET, URBANA
FREE AND OPEN TO THE PUBLIC!

Lucy Suchman holds a Chair in the Anthropology of Science and Technology at Lancaster University and was Principal Scientist at Xerox's Palo Alto Research Center, where she spent twenty years and was manager of the Work Practice and Technology research group. Her books, *Human-Machine Reconfigurations* (2007) and *Plans and Situated Actions: The Problem of Human-Machine Communication* (1987), both published by Cambridge University Press, provide intellectual foundations for the field of human-computer interaction (HCI) and artificial intelligence. In 2002 she received the Benjamin Franklin Medal in Computer and Cognitive Sciences and the 2010 ACM SIGCHI Lifetime Research Award.
