

"My computer was confiscated at the border, all my video and notes are in government hands!"

"Whistleblow? I can't trust that they're not spying on us now."

"How are you going to keep our ad strategy secure from the competition?"

Anyone can learn the why and how to be secure and private with communications and data.

MDIA 199 MNT

Second 8-week course, Spring 2015
Wednesdays & Fridays at 2pm (open to all majors)
