

October 9, 2015

Dear Campus UG Advising Community,

The Department of Speech and Hearing Science is pleased to renew our commitment to offering our American Sign Language sequence. In addition to SHS 222 (Language and Culture of Deaf Communities), we are planning to offer numerous sections of American Sign Language (ASL) each semester distributed as follows:

Spring 2016

5 sections of SHS 121 (ASL I),
3 sections of SHS 321 (ASL 3)

Fall 2016

6 sections of SHS 121 (ASL I),
4 sections of SHS 221 (ASL 2)

Spring 2017

4 sections of SHS 121 (ASL I),
3 sections of SHS 221 (ASL 2),
3 sections of SHS 321 (ASL 3)

Fall 2017

5 sections of SHS 121 (ASL 1),
3 sections of SHS 221 (ASL 2),
2 sections of SHS 321 (ASL 3)

The specific number of sections each semester may shift depending on student needs. However, our current intent is to continue providing this valuable cultural-linguistic experience for students, both within and outside SHS, and to provide an option for meeting the foreign language requirement through a visual language.

Please note that SHS 222 remains a pre- or co-requisite for SHS 121 for those students (unless the student has prior consent of the instructor). At present, we plan to continue offering SHS 222 both the Fall and Spring terms.

Questions can be directed to:

Dr. Laura DeThorne, Associate Head, lauras@illinois.edu, 244-2556 or
Dr. Fatima Husain, Director of Undergraduate Studies, husainf@illinois.edu, 333-7561
