

About the Group:

We want to LISTEN and LEARN about student usage of technology and specific Tech Services on campus.

It will be a back-and-forth discussion where students can engage in open dialog about technology on campus with the goal of improving our service to students

About Meetings:

- Meet regularly – once a month during the academic year, and once a month over summer if possible.
- Tech Services will provide food – either during lunch or after hours dinner
- Each meeting will have a topic(s) to guide the conversation but will allow for open discussion time, too
