Cengage Unlimited is a subscription option that provides access to your materials for this course as well as any other course you may be taking using Cengage materials. If you have already purchased your WebAssign access, you can upgrade to Cengage Unlimited for a reduced price (or **upgrade free with a multi-semester code**)! If you would like to upgrade, simply click the "Subscribe Now" link from your left-hand navigation bar in WebAssign. Your "Unlimited Trial" will continue to count down for a full 14 days even if you have paid for your WebAssign course. This means you can continue to explore everything we have for a full 14 days! If you have purchased and entered a WebAssign code, it's only the Cengage Unlimited subscription trial that will expire, not your WebAssign Access!!
