

2016 ACADEMIC CHALLENGE

-  Join hundreds of high schools across Illinois and Missouri in the statewide Academic Challenge competition.
-  Students compete via a series of tests in biology, chemistry, computer science, engineering graphics, math, physics and English.
-  Students compete in Regionals in February, Sectionals in March, and State in April.
-  Illinois State Finals are April 11-14, 2016 at the University of Illinois at Urbana-Champaign campus.
-  Missouri State Finals are April 19, 2016 at the Missouri University of Science and Technology.
-  Scholarships are awarded to the top two individual State winners in each STEM subject who enroll in the College of Engineering at Illinois.
-  New schools have a chance to have their entry fee waived.

Registration Open Until December 15, 2015
